Heads of School: Mrs Z Galley and Dr D Hone

Dear Parents/Guardians,

CALCULATORS

It is a vital part of the Maths GCSE that students are able to use and understand a scientific calculator. It is therefore essential that students get to know and use their own calculator as many of the different brands work in different ways. The best way to do this is to own and use your own calculator in every lesson.

The recommended calculator used in the school is the Casio FX83GTX. If you are interested in purchasing a calculator from us, please ensure that payment is made online via ParentPay by visiting www.ParentPay.com before 12th July 2020. The calculators will be ordered after this date and given to students as soon as they arrive.

We are a cashless school and so to order the calculator from us you will need to register your child for online payments. Here you will find the calculator listed under Maths Department for the price of £8.60, simply add to the basket and checkout.

Yours sincerely,

Mrs J Smith
Head of Maths
