Heads of Northgate High School, Dereham Sixth Form College and DESA: Mrs Z Galley and Dr D Hone

January 2022

Dear student,

Enclosed is the booklet outlining the subject options you can choose to study over the next two academic years.

Take your time to read through the details, seek advice from adults such as your parents/ carers, teachers, your Head of Year and remember you can make an appointment with Ms R. Watson, our Careers advisor; her email is careers@ngate.org.uk. Also, if you get the chance, talk to older students who are currently studying some of these subjects for GCSE or A Level.

A few key dates are:

- | | | |
|--------------------------------|---------------------|--|
| 19th January | GCSE Options Videos | Videos of teachers explaining what is involved in their subjects will be posted onto the school website for you to watch. It would be good for your parents to also watch these videos so that they can discuss the options with you. |
| 26th January | Parents' Evening | To discuss the progress you are making and consider your areas of strength. |
| 26th January | Online Options Form | The options form should be available for you to access after the Parents' evening. The connection will be sent to you via Satchel One, this can only be filled in once; remember you have until the 31 st January to complete it. |
| 31st January | | This is the last day to complete your options form. (Your options will not be looked at until the 31 st January). |

Your options will only be considered after the 31st January deadline, so do not worry about completing the online form too early, take the time you need to think through your choices.

Yours sincerely

Mr J Atkin
Assistant Headteacher

Mr D Guy
Head of Year
